Piper Kosse & Byron Swanson were first time donors to our drive. Ivan Schukei hit the 7 gallon mark and Leon Lutkemeir has donated 10 gallon. Double red cell donors were Jesse Sharp & Lee Erickson. The other donors included: Kim Lindgren, Glenn Mattison, Judy Erickson, Meredith Engelhardt, Kent Overfield, Todd Kral,

Shirley Ewing, Keith Crowe, Nelson Trambly, Jo Stevens, Fred Trambly, Kyle Rutt, Pat Choquette, Jennifer Himmelberg, Caroline Jackson, Gary Derr, Nora Schukei, Travis James, Gerhart Meyer, Crale Collison, and Janice Hobbs.

A big "thank you" goes out to all the donors who took time out of their busy schedules to help save lives; and a special thank you goes to the people who donated food and worked the canteen or whatever else they did to help with the successful blood drive. These people include: Betty Scheibel, Lori Hall, Jeannette Rupprecht, Jeannie Schmidt, LuAnn Kosse, and Ron Pankoke. The next bloodmobile is Monday August 7, 2017.

INDEPENDENCE DAY

(from Wikipedia)

Independence Day of the United States, also referred to as the Fourth of July or July Fourth in the U.S., is a federal holiday commemorating the adoption of the Declaration of Independence on July 4, 1776, by the Continental Congress declaring that the thirteen American colonies regarded themselves as a new nation, the United States of America, and no longer part of the British Empire. Independence Day is commonly associated with fireworks, parades, barbecues, carnivals, fairs, picnics, concerts, baseball games, family reunions, and political speeches and ceremonies, in addition to various other public and private events celebrating the history, government, and traditions of the United States. Independence Day is the National Day of the United States.

During the American Revolution, the legal separation of the Thirteen Colonies from Great Britain occurred on July 2, 1776, when the Second Continental Congress voted to approve a resolution of independence that had been proposed in June by Richard Henry Lee of Virginia declaring the United States independent from Great Britain rule. After voting for independence, Congress turned its attention to the Declaration of Independence, a statement explaining this decision, which had been prepared by a Committee of Five, with Thomas Jefferson as its principal author. Congress debated and revised the wording of the Declaration, finally approving it on July 4.

Historians have long disputed whether Congress actually signed the Declaration of Independence on July 4, even though Thomas Jefferson, John Adams, and Benjamin Franklin all later wrote that they had signed it on that day. Most historians have concluded that the Declaration was signed nearly a month after its adoption, on August 2, 1776, and not on July 4 as is commonly believed.

Coincidentally, both John Adams and Thomas Jefferson, the only signers of the Declaration of Independence later to serve as Presidents of the United States, died on the same day: July 4, 1826, which was the 50th anniversary of the Declaration. Although not a signer of the Declaration of Independence, but another Founding Father who became a President, James Monroe, died on July 4, 1831, thus becoming the third President in a row who died on the holiday. Calvin Coolidge, the 30th President, was born on July 4, 1872, and, so far, is the only U.S. President to have been born on Independence Day.
